# Novelis Reports Third Ouarter of Fiscal 2020 Results

# Advancing strategic initiatives and investments while delivering strong financial results

ATLANTA, Feb. 11, 2020 /PRNewswire/ --

#### Third Quarter Fiscal Year 2020 Highlights

- Net income attributable to common shareholder of \$107 million, up 37% YoY; excluding special items, net income of \$132 million, up 31% YoY
- Adjusted EBITDA of \$343 million, up 7% YoY
- Net sales of \$2.7 billion, down 10% YoY
- Shipments of 797 kilotonnes, flat YoY
- Net leverage ratio of 2.3x

Novelis Inc., the world leader in aluminum rolling and recycling, today reported net income attributable to its common shareholder of \$107 million for the third quarter of fiscal year 2020, compared to \$78 million in the prior year period. Excluding tax-effected special items in both years, the company reported net income of \$132 million in the third quarter of fiscal 2020, compared to \$101 million in the prior year period. This 31 percent increase is primarily due to higher Adjusted EBITDA.

Adjusted EBITDA increased seven percent to \$343 million in the third quarter of fiscal 2020 compared to \$322 million in the prior year period, primarily driven by portfolio optimization efforts, operating cost efficiencies, and favorable foreign exchange, partially offset by less favorable recycling benefits due to lower aluminum prices. Adjusted EBITDA per ton reached \$430 in the quarter, as compared to \$403 in the prior year.

Net sales decreased ten percent from the prior year period to \$2.7 billion for the third quarter of fiscal 2020, driven by lower average LME aluminum prices and local market premiums. Flat rolled product shipments were in line with the prior year, at 797 kilotonnes.

"Novelis continues to perform very well both operationally and financially, delivering another set of strong results in the third quarter," said Steve Fisher, President and CEO, Novelis Inc. "At the same time, we have made excellent progress advancing our major organic expansion projects in the U.S., China and Brazil, allowing us to continue to grow with our customers and better compete against steel and other materials."

Each of these projects continue to progress on time and on budget. Notably, the company's greenfield automotive finishing plant in Guthrie, Kentucky, is in the commissioning process, with commercial shipments to customers expected to commence in the coming months.

Fiscal year-to-date free cash flow before capital expenditures improved 43 percent over the prior year to \$483 million, driven primarily by higher Adjusted EBITDA as well as favorable working capital combined with lower aluminum prices. Capital expenditures doubled year-over-year to \$422 million for the first nine months of fiscal 2020, mainly to support strategic investments in incremental rolling, recycling and automotive finishing capacity. As a result of this increased capital spending, fiscal 2020 free cash flow of \$61 million compares to \$127 million in the prior year period.

"Our recent successful bond issuance in January is a reflection of the consistently strong financial performance Novelis has delivered quarter after quarter, as well as our ability to maintain disciplined net leverage levels despite a significant increase in capital expenditures to fuel future growth," said Devinder Ahuja, Senior Vice President and Chief Financial Officer, Novelis Inc.

As of December 31, 2019, the company reported a strong total liquidity position of \$1.9 billion, and reduced its net leverage ratio to 2.3x as compared to 2.8x in the prior year period.

### **Aleris Acquisition**

On July 26, 2018, Novelis announced it signed a definitive agreement to acquire Aleris Corporation. Novelis has received approval from antitrust regulators in China, the U.S., and the European Commission (EC) to close the transaction. In the U.S., Novelis' ability to acquire Aleris' automotive plant in Lewisport, Kentucky, will be resolved through an arbitration proceeding in the fourth quarter. The EC's approval is conditioned on Novelis entering into an agreement to divest Aleris' Duffel plant to a buyer approved by the EC. The EC is currently reviewing the proposed buyer of the plant, Liberty House Group, a UK-based industrial conglomerate. Novelis remains fully committed to completing the transaction and continues to work with all relevant parties to do so as quickly as possible.

#### **Non-GAAP Financial Measures**

This news release and the presentation slides for the earnings call contain non-GAAP financial measures as defined by SEC rules. We believe these measures are helpful to investors in measuring our financial performance and liquidity and comparing our performance to our peers. However, our non-GAAP financial measures may not be comparable to similarly titled non-GAAP financial measures used by other companies. These non-GAAP financial measures have limitations as an analytical tool and should not be considered in isolation or as a substitute for GAAP financial measures. To the extent we discuss any non-GAAP financial measures on the earnings call, a reconciliation of each measure to the most directly comparable GAAP measure will be available in the presentation slides filed as Exhibit 99.2 to our Current Report on Form 8-K furnished to the SEC concurrently with the issuance of this press release. In addition, the Form 8-K includes a more detailed description of each of these non-GAAP financial measures, together with a discussion of the usefulness and purpose of such measures.

Attached to this news release are tables showing the Condensed Consolidated Statements of Operations, Condensed Consolidated Balance Sheets, Condensed Consolidated Statements of Cash Flows, Reconciliation to Adjusted EBITDA, Free Cash Flow, Liquidity, Net Income excluding Special Items, and Segment Information.

## **Forward-Looking Statements**

Statements made in this news release which describe Novelis' intentions, expectations, beliefs or predictions may be forward-looking statements within the meaning of securities laws. Forward-looking statements include statements preceded by, followed by, or including the words "believes," "expects," "anticipates," "plans," "estimates," "projects," "forecasts," or similar expressions. Examples of forward looking statements in this news release are statements about our expectation that commercial shipments from our new Guthrie, Kentucky plant will commence in the coming months. Novelis cautions that, by their nature, forward-looking statements involve risk and uncertainty and Novelis' actual results could differ materially from those expressed or implied in such statements. We do not intend, and we disclaim any obligation, to update any forward-looking statements, whether as a result of new information, future events or otherwise. Factors that could cause actual results or outcomes to differ from the results expressed or implied by forward-looking statements include, among other things: changes in the prices and availability of aluminum (or premiums associated with such prices) or other materials and raw materials we use; the capacity and effectiveness of our hedging activities; relationships with, and financial and operating conditions of, our customers, suppliers and other stakeholders; fluctuations in the supply of, and prices for, energy in the areas in which we maintain production facilities; our ability to access financing including in connection with potential acquisitions and investments; risks relating to, and our ability to consummate, pending and future acquisitions, investments or divestitures, including the proposed acquisition of Aleris Corporation and related divestitures; changes in the relative values of various currencies and the effectiveness of our currency hedging activities; factors affecting our operations, such as litigation, environmental remediation and clean-up costs, breakdown of equipment and other events; economic, regulatory and political factors within the countries in which we operate or sell our products, including changes in duties or tariffs; competition from other aluminum rolled products producers as well as from substitute materials such as steel, glass, plastic and composite materials; changes in general economic conditions including deterioration in the global economy; changes in government regulations, particularly those affecting taxes, derivative instruments, environmental, health or safety compliance; changes in interest rates that have the effect of increasing the amounts we pay under our credit facilities and other financing agreements; and our ability to generate cash. The above list of factors is not exhaustive. Other important risk factors are included under the caption "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended March 31, 2019.
