

Novelis Hosts Ribbon Cutting Celebration for \$4.5 Million Investment at Warren Facility

Enhances ability to supply industry-leading beverage can materials to canmakers

WARREN, OH, April 15, 2019 – Novelis, Inc., the leading producer of flat-rolled aluminum products and the world's largest recycler of aluminum, today hosted a ribbon cutting celebration to commemorate a \$4.5 million investment at its facility in Warren, Ohio. The investment, announced in Nov. 2017, provides greater versatility for pretreatments, improves operational efficiency and reduces costs over time.

"It is an exciting day for our facility as we complete this upgrade," said Paul Nelson, Plant Manager. "We are committed to shaping a sustainable world together, and this investment allows us to sustain our business here in Warren for many years to come."

Mayor William "Doug" Franklin and representatives from the offices of Senator Sherrod Brown and Senator Rob Portman attended the celebration.

The Warren facility has 75 employees dedicated to applying coating to aluminum beverage cans and produces enough aluminum for more than one billion beverage can lids each month. A leader in the aluminum beverage can sheet market, Novelis supplies some of the world's most recognizable brands, including Coca-Cola, AB InBev and PepsiCo.

About Novelis

Novelis Inc. is the global leader in aluminum rolled products and the world's largest recycler of aluminum. The company operates in ten countries, has approximately 11,000 employees and reported \$11.5 billion in revenue for its 2018 fiscal year. Novelis supplies premium aluminum sheet and foil products to transportation, packaging, construction, industrial and consumer electronics markets throughout North America, Europe, Asia and South America. Novelis is a subsidiary of Hindalco Industries Limited, an industry leader in aluminum and copper, and metals flagship company of the Aditya Birla Group, a multinational conglomerate based in Mumbai, India.
