#### Item 11. Executive Compensation.

##### Compensation Discussion & Analysis

This section provides a discussion of the background and objectives of our compensation programs for our named executive officers and other senior management employees. Our named executive officers are determined in accordance with rules of the SEC.

Named Executive Officer	Title
Steven Fisher	President and Chief Executive Officer
Devinder Ahuja	Executive Vice President, Chief Financial Officer
Tadeu Nardocci	Executive Vice President and Interim President, Novelis North America
Emilio Braghi	Executive Vice President and President, Novelis Europe
HR Shashikant	Executive Vice President, Chief Human Resources Officer

##### **Compensation Committee and Role of Management**

The Compensation Committee (the "Compensation Committee") of our Board of Directors (the "Board") is responsible for approving compensation programs for our named executive officers and making decisions regarding specific compensation to be paid or awarded to them. The Compensation Committee acts pursuant to a charter approved by the board of directors. Our Chief Human Resources Officer serves as the primary management liaison officer for the Compensation Committee. Our human resources and legal departments provide assistance to the Committee in the administration of the Committee's responsibilities.

Our named executive officers have no direct role in setting their own compensation. The Compensation Committee meets with members of our management team to evaluate performance against pre-established goals, and management makes recommendations to the Board regarding budgets, production and sales forecasts and other information, which affect certain goals. The Compensation Committee may seek input from our senior management concerning individual performance, expected future contributions and compensation matters generally.

Management assists the Compensation Committee by providing information needed or requested by the Compensation Committee (such as our performance against budget and objectives, historical compensation, compensation expense, current Company policies and programs, country-specific compensation practices, peer group metrics and peer group target pay levels) and by providing input and advice regarding potential changes to compensation programs and policies and their impact on the Company and its executives.

The Compensation Committee (1) meets annually and reviews prior year performance and approves the distribution of short-term incentive and long-term incentive earned payouts, if any, for the prior year, (2) reviews and approves base pay and short-term incentive targets for executives for the current year, and (3) recommends to the Board the form of long-term incentive award vehicles and vesting performance criteria for the current cycle of the program. The Compensation Committee may employ alternative practices when appropriate under the circumstances.

During the fourth quarter of fiscal 2024, the Compensation Committee independently engaged WTW as its third-party compensation consultant to provide advice and support with respect to compensation-related matters for fiscal 2025. In addition, management worked with Mercer LLC (a global human resource consulting firm) to evaluate and benchmark our executive compensation program, and management shared Mercer's analysis with the Compensation Committee. Management also routinely reviews compensation surveys and other materials published by other leading global human resources consulting firms to help ensure internal equity and external competitiveness of pay opportunities based on the scope and complexity of executive roles.

For executive compensation benchmarking purposes, we focus on major companies in the manufacturing and materials sectors having revenues in excess of \$2 billion. The companies that comprise our peer group may change from year to year as a result of merger and acquisition activity or revenue growth of relevant companies that moves such companies into consideration. The peer group considered in management's most recent compensation competitive analysis in March 2024 consisted of the following companies:

Air Products & Chemicals Inc.	Crown Holdings	Reliance Steel & Aluminum Co
Alcoa Corp	Eastman Chemical Co	Steel Dynamics
Ball Corp	International Paper Company	United States Steel Corp
Cleveland-Cliffs Inc.	Nucor Corporation	WestRock Company
Commercial Metals Company	PPG Industries Inc.	

## TABLE OF CONTENTS

The Compensation Committee retains discretion to set an individual executive's compensation in recognition of the need for flexibility under a particular circumstance. As a result, compensation for an executive may differ significantly from the survey or peer group data and may be influenced by factors including cumulative impact of performance, experience and potential, retention needs, job position and/or tenure. In addition, macroeconomic conditions may influence compensation decisions, including incentive pay decisions, as the Compensation Committee aligns its focus with the financial needs of the business in times of uncontrollable macroeconomic forces.

### Objectives and Design of Our Compensation Program

Our executive compensation program is designed to attract, retain, and reward talented executives who will contribute to our long-term financial and operational success and thereby build value for our shareholder. The program is organized around three fundamental principles:

- *Provide Total Cash and Total Direct Compensation Opportunities that are Competitive:* To enable us to attract, motivate and retain qualified executives to build long-term shareholder value, total cash compensation (base pay plus annual short-term incentives) and total direct compensation (total cash compensation plus the value of long-term incentives) should be targeted at levels to be market competitive and also be appropriately positioned within the Company to ensure internal equity based on the scope and complexity of the role as it is designed at the Company.
- *A Substantial Portion of Total Direct Compensation Should be at Risk Because it is Performance-Based:* We believe an executive's actual compensation should be linked directly to the Company's financial performance and each individual's personal contribution. Consequently, a substantial portion of an executive's total direct compensation should be at risk, with amounts that are paid dependent on actual performance against pre-established objectives for both the individual and financial goals of the Company. The portion of an individual's total direct compensation that is based upon these performance objectives and financial goals should increase as the individual's business responsibilities and job scope increase. Additionally, performance that exceeds target goals should be appropriately rewarded and aligned with prevalent market practices. The portion of Total Target Compensation that is at risk is:
  - 88% for the CEO
  - 72% on average for the other named executive officers
- *A Substantial Portion of Total Direct Compensation Should be Delivered in the Form of Long-Term Performance-Based Awards:* We believe a long-term stake in the sustained financial performance of Novelis effectively aligns executive and shareholder interests and provides motivation for enhancing shareholder value. The portion of Total Target Compensation that is comprised of long-term compensation is:
  - 71% for the CEO
  - 48% on average for the other named executive officers

### Key Elements of Our Compensation Program

Our compensation program consists of three key elements: base pay, short-term (annual) incentives, and long-term incentives. The Compensation Committee reviews these compensation elements annually. The Compensation Committee also compares the competitiveness of these key elements to companies in our peer group and/or to available compensation survey market data. Our objective for named executive officers is to pay within the competitive range for all compensation elements, based on factors such as time in role, experience, potential and performance.

**Base Pay.** Based on market practices, we believe it is appropriate that a minimum portion of total direct compensation be provided in a form that is fixed and recognizes individual responsibilities, experience and performance. Any changes in base salaries are generally effective July 1, unless an executive is promoted or assumes a new role during the fiscal year.

## TABLE OF CONTENTS

**Short-Term (Annual) Cash Incentives.** We believe that an annual incentive opportunity is necessary to attract, retain and reward our executives. Our philosophy concerning annual incentive program design for executives is based on the guiding values below:

- Annual incentives should be directly linked with and clearly communicate the strategic priorities approved by the Board.
- Annual incentives should be primarily weighted on the achievement of Company-wide financial goals.
- Annual incentives should be at-risk, and there should be a minimum financial performance threshold that must be attained to receive any payout.
- Performance goals should be sufficiently ambitious to drive enterprise value creation but also be based on metrics that executives can meaningfully influence over the annual time frame, and payouts should not be concentrated on a single metric.
- Annual incentives (as a percent of base salary) should be comparable with opportunity payouts of executives in other benchmark companies.
- The Compensation Committee retains the discretion to adjust, up or down, annual incentives earned based on Company financial performance or business uncertainties that may arise in a particular fiscal year as well as the Compensation Committee's subjective assessment of individual performance.

Our Compensation Committee and Board, after input from management, normally approve our fiscal year Annual Incentive Plan ("AIP") targets during the first quarter of the fiscal year and communicate the approved plan to eligible participants. The performance benchmarks historically have been tied to four key metrics: (1) the Company's Adjusted EBITDA; (2) the Company's Adjusted Free Cash Flow; (3) the Company's global safety record; and (4) the executive's individual performance in recognition of each individual's unique job responsibilities and annual objectives.

"Adjusted EBITDA" generally means Adjusted EBITDA as used in our Annual Report on the Form 10-K for the fiscal year ended March 31, 2024, reduced by the impact from re-measuring to current exchange rates any monetary assets and liabilities which are denominated in a currency other than the functional currency of the reporting unit, net of realized and unrealized derivative instruments, and adjusted by the impact on cost of working capital management activities to the extent caused by any excess or shortfall of Adjusted Free Cash Flow. "Adjusted Free Cash Flow" generally means Adjusted Free Cash Flow as used in our Annual Report on the Form 10-K for the fiscal year ended March 31, 2024, before capital expenditures, working capital financing and other adjustments as determined by the Compensation Committee. "Global Safety" is generally based on the metric of days away from work (DAFW), which is based on a standard OSHA calculation. Each AIP metric will normally have a threshold, target and maximum payout and impact a varying portion of the total annual incentive, which for fiscal 2024 was as follows:

Measure	Weighting	Threshold		Target		Maximum	
		% of Target	Payout	% of Target	Payout	% of Target	Payout
Adjusted EBITDA	45 %	85 %	60 %	100 %	100 %	110 %	200 %
Adjusted Free Cash Flow	45 %	60 %	50 %	100 %	100 %	140 %	200 %
Global Safety <sup>(1)</sup>	10 %	n/a	50 %	100 %	100 %	n/a	200 %
Individual Performance Multiplier		Varies between 0% and 125%, based on the individual's annual rating					

(1) For fiscal 2024, the threshold DAFW was set at 0.18, the target was set at 0.13, and the maximum was set at 0.08.

Performance results between threshold level and target level or between target level and maximum level are determined by means of straight line interpolation. As an additional overriding condition, overall Novelis Adjusted EBITDA performance for the fiscal year must be at least 75% of the fiscal year target in order for an incentive to be payable. The Compensation Committee has the discretion to adjust an AIP payout either up or down from the payout amount determined based on the attainment of performance goals.

## TABLE OF CONTENTS

For fiscal 2024, the Company achieved its Adjusted EBITDA target, overachieved its Adjusted Free Cash Flow target, and met its Global Safety target.

For certain participants identified by the Compensation Committee, an inventory days modifier is applied to the Adjusted Free Cash Flow measure. The payout on this measure may increase or decrease by up to 30% based on performance against inventory days targets. The Compensation Committee, in its discretion, waived the inventory days modifier for fiscal 2024 because it observed that flexibility in managing inventory and the opportunities resulting from it far outweigh the need for strict inventory days controls.

The table below displays the 2024 AIP performance objectives and their weighting, targeted performance and actual performance, which for Adjusted EBITDA and Adjusted Free Cash Flow are shown in millions.

Measure	Weighting	Targeted Performance	Actual Performance	Achievement Percentage	Payout Percentage	Weighted Payout
Adjusted EBITDA	45 %	\$1,966	\$1,962	99.8 %	99.4 %	45 %
Adjusted Free Cash Flow <sup>(1)</sup>	45 %	\$1,318	\$1,469	111 %	129 %	58 %
Global Safety <sup>(2)</sup>	10 %	0.13	0.13	100 %	100 %	10 %
Total Performance Score						113 %

(1) For Messrs. Fisher, Ahuja, and Braghi, Adjusted Free Cash Flow is subject to an inventory days modifier. For fiscal 2024, the Compensation Committee waived the inventory days modifier, therefore, the payout of the Adjusted Free Cash Flow portion of the AIP calculation remains 129%.

(2) For Mr. Fisher, payout for the entire global safety performance metric for the region in which a fatality occurs will be 0% if a fatality occurs during the fiscal year. There were no fatalities during fiscal 2024 so he received the full safety score.

## TABLE OF CONTENTS

The "2024 AIP Payout" column in the table below shows the final amounts to be paid under our 2024 AIP (based on final business performance score and individual performance multipliers), which are also shown in the Summary Compensation Table.

Name	Target Incentive as Percentage of Salary	Target Incentive (\$)	Total Business Performance Score	Payout Before Individual Multiplier	Individual Performance Multiplier	2024 AIP Payout (\$)
Steven Fisher	140 %	1,694,000	113 %	1,914,220	100 %	1,914,220
Devinder Ahuja	85 %	612,850	113 %	692,521	115 %	796,399
Tadeu Nardocci <sup>(1)</sup>	65 %	592,744	113 %	669,801	115 %	770,271
Emilio Braghi	65 %	372,851	113 %	421,322	105 %	442,388
HR Shashikant	60 %	364,800	113 %	412,224	100 %	412,224

(1) Reflects Mr. Nardocci's target incentive of 65% of his base salary plus an additional target opportunity of \$375,000 to recognize his additional service and responsibilities as Interim President of North America.

The AIP provides that a prorated incentive is payable on an executive's death, disability or retirement, on an involuntary termination of employment following a change in control of the Company or the executive's involuntary termination without cause. On any other termination of employment, unvested awards are forfeited.

**Long-Term Incentives.** We believe a long-term incentive program that comprises a substantial portion of each executive's total direct compensation opportunity is necessary to reward our executives and is consistent with market practices. Our philosophy concerning long-term incentive design for executives is based on the guiding values below:

- Long-term incentives should motivate achievement of long-term strategic and financial goals and incentivize actions that are intended to create sustainable value for our shareholder.
- Long-term incentives should be designed to retain valuable executive talent.
- Long-term incentives should create a clear and understandable platform for wealth creation that is tied closely with the long-term performance of Novelis and our shareholder.
- A majority of the long-term incentive award value should be at risk and tied to financial performance.
- Vesting schedules should span several years to reward long-term service.
- The value of long-term incentives as a percentage of salary should be competitive with opportunity payouts of executives in other benchmark companies.

The Company maintains a long-term incentive plan (the "LTIP"). In prior fiscal years, including fiscal 2024, the Compensation Committee determined that LTIP payouts should continue to be tied equally to Hindalco stock performance and to Novelis-specific performance over a three-year performance cycle. The Compensation Committee has previously determined that the following forms of awards should be used under the LTIP: Hindalco stock appreciation rights ("Hindalco SARs"), Hindalco restricted stock units ("Hindalco RSUs") and Novelis Performance Units ("Novelis PUs").

Long-Term Incentive Type	Weighting	Performance Measure	Vesting Schedule	Threshold	Maximum
Hindalco SARs	20 %	Hindalco Share Price	3 year pro rata	Must achieve 75% of EBITDA	300 %
Hindalco RSUs	30 %	Hindalco Share Price	3 year pro rata	None	300 %
Novelis PUs	50 %	Return on Capital Employed	3 year cliff vest	50 %	200 %

For the Hindalco SARs, which have historically comprised 20% of the executive's LTIP, the fiscal 2024 results of Adjusted EBITDA were above the threshold of 75%. Each Hindalco SAR is to be settled in cash at the time of exercise based on the appreciation in value of one Hindalco share from the date of award through the date of exercise, based on the closing price of a Hindalco share, as published by the National Stock Exchange (NSE) on the exercise date. Payout of Hindalco SARs upon exercise is limited to three times the award value as of the date of grant. Except as provided below, a participant may exercise a vested Hindalco SAR that is in the money before the end of the term, and a vested Hindalco SAR for U.S. taxpayers will automatically be exercised when the maximum value is achieved.

Hindalco RSUs have historically comprised 30% of the executive's LTIP opportunity and are not subject to performance criteria. Each Hindalco RSU will be settled in cash within 90 days following the applicable anniversary vesting date, based on the average of the high and low prices of a Hindalco share, as published by the NSE on the vesting date. Payout of Hindalco RSUs upon vesting is also limited to three times the award value as of the date of grant.

## TABLE OF CONTENTS

Neither Hindalco SARs nor Hindalco RSUs transfer any shareholder rights to a participant, either at the time of grant or upon settlement, and dividend equivalents are neither accumulated nor paid at any time.

Novelis PUs comprise the remaining portion (50%) of the executive's LTIP and vest on the third anniversary following the date of award subject to the executive's continued service with the Company through such date (except as provided below). Following the close of the three-year performance period, the number of units earned will be calculated based on the Company's average return on capital employed or "ROCE" (which is the Company's net operating profit after tax divided by the fiscal year average capital employed, which means book debt, plus book equity, plus goodwill impairment, less certain cash and plus new impairment impacting equity) over the performance period. Performance results between threshold level (50%) and target level (100%) or between target level and maximum level (200%) are determined by means of straight line interpolation. In the event that the Company completes a significant strategic transaction during the performance period, the Compensation Committee may modify the ROCE targets. Novelis PUs are settled in cash within two fiscal quarters following vesting and Compensation Committee approval of performance, but in no event later than March 15<sup>th</sup> of the year following the end of the performance period.

The ROCE target for the Novelis PUs with a performance period beginning April 1, 2021 and ending March 31, 2024 was 14.3%. The Compensation Committee determined that ROCE results of 11.9% did not meet the threshold of 12.8% and therefore there was no payout (reported in the Summary Compensation Table below as the "2022 LTIP"). Currently, there are three outstanding three-year performance cycles for the Novelis PUs as follows: April 1, 2022 to March 31, 2025, April 1, 2023 to March 31, 2026 (these grants are reported in the Grants of Plan-Based Awards in Fiscal 2024 below), and April 1, 2024 to March 31, 2027.

Under the LTIP for fiscal 2024, and consistent with prior years, Hindalco SARs, Hindalco RSUs and Novelis PUs are treated as follows on an executive's termination of employment or in connection with a change in control:

- a. **Death or Disability.** On an executive's death or disability, all unvested Hindalco SARs will vest and remain exercisable for one year (but not beyond the Hindalco SAR's term), and all Hindalco RSUs will become vested and will be settled within 90 days after the applicable anniversary vesting date. All Novelis PUs will vest on a prorated basis and will be settled at the end of the performance period at the same time as all other PUs.
- b. **Retirement.** On an executive's "retirement" after the first anniversary of the grant date, all unvested Hindalco SARs will continue to vest and remain exercisable until the third anniversary of the retirement date, and all vested Hindalco SARs are exercisable until the end of the term. If the executive's retirement is before the first anniversary of the grant date, all unvested Hindalco SARs are forfeited. All Hindalco RSUs will vest on a prorated basis, and all vested Hindalco RSUs will be settled within 90 days after the applicable anniversary vesting date. All Novelis PUs will vest on a prorated basis and will be settled at the end of the performance period, subject to achievement of the performance thresholds.
- c. **Involuntary Termination Without Cause Related to a Change in Control.** Upon an involuntary termination of employment without cause within 12 months after a change in control, all Hindalco SARs will be vested and deemed exercised and settled as soon as practicable; and all Hindalco RSUs will vest and be settled within 90 days after the termination of employment. Novelis PUs will vest on a prorated basis and will be settled at the end of the performance period at the same time as other PUs, subject to achievement of the performance thresholds.
- d. **Involuntary Termination Without Cause Unrelated to Change in Control.** On an executive's involuntary termination by the Company without cause outside of the 12-month period following a Change in Control, all unvested Hindalco SARs will vest on a prorated basis and remain exercisable for 90 days (but not beyond the Hindalco SAR's term). All Hindalco RSUs will vest on a prorated basis and vested Hindalco RSUs will be settled within 90 days after the applicable anniversary vesting date. All Novelis PUs will vest on a prorated basis and are settled at the end of the performance period at the same time as other PUs, subject to achievement of the performance thresholds.
- e. **Intercompany Transfers within Aditya Birla Group but outside Novelis.** On an executive's intercompany transfer outside of the Company, all unvested Hindalco SARs that are scheduled to vest within the six-month period after the transfer will continue to vest subject to the performance goals and must be exercised by the end of the term. All other Hindalco SARs will be forfeited. All Hindalco RSUs that are scheduled to vest within the six-month period after the transfer will vest immediately and will be settled within 90 days after the applicable anniversary vesting date. All Novelis PUs will vest on a prorated basis and will be settled at the end of the performance period, subject to achievement of the performance thresholds.
- f. **Voluntary Termination.** Upon a voluntary termination by the executive, all vested Hindalco SARs must be exercised within 90 days after the termination date. All vested Hindalco RSUs and Novelis PUs will remain vested and paid out at the same time as other Hindalco RSUs and Novelis PUs, respectively. All unvested awards will be forfeited.

## TABLE OF CONTENTS

- g. **Involuntary Termination with Cause.** Upon an involuntary termination by the Company for cause, all vested and unvested Hindalco SARs will be forfeited. All vested Hindalco RSUs and Novelis PUs will remain vested and paid out at the same time as other Hindalco RSUs and Novelis PUs, respectively. All unvested Hindalco RSUs and Novelis PUs will be forfeited.

On any other termination of employment, unvested awards are forfeited.

### Employment-Related Agreements

**Change in Control Severance.** Each of our named executive officers is a participant in the Novelis Inc. Change in Control Severance Plan (the "CIC Plan"). The Plan was adopted effective July 1, 2018. Under the CIC Plan, the executive will be entitled to certain payments and benefits if the executive's employment is terminated by the Company without "cause," or by the executive for "good reason," within three months before or 24 months following a "change in control" of the Company. The CIC Plan provides that the executive will receive, in addition to accrued amounts:

- Payment equal to the executive's accrued time off;
- Payment equal to two times annual base salary and the executive's target AIP;
- Payment of the executive's target short-term incentive (prorated, as applicable) for the year of termination;
- Payment equal to 24 months of the full monthly premium charged for coverage under the Company's group medical plan at the executive's then-current level of coverage;
- Continuation of coverage under the Company's group life insurance plan for a period of 24 months;
- A benefit amount equal to 24 months of additional credit for benefit accrual or contribution purposes, if applicable, under the Company's tax-qualified and non-qualified retirement plans, which equals the expected contributions that the Company would make to its qualified and non-qualified retirement plans in which the executive participates for 24 months following termination of employment, as determined by the Company; and
- Accelerated vesting, if applicable, under the Company's retirement plans.

Such severance payments and benefits are conditioned on the executive executing a release of claims in favor of the Company. "Cause" generally means: (i) conviction of any crime constituting a felony; (ii) willful and material violation of the Company's policies including, but not limited to, those relating to sexual harassment and confidential information; (iii) willful misconduct in the performance of duties; or (iv) willful failure or refusal to perform the executive's material duties and responsibilities which is not remedied within 10 days after written demand. "Good reason" generally means, without the executive's written consent and subject to certain notice and cure rights of the Company: (i) a material reduction in the executive's position, duties, reporting relationships, responsibilities, authority, or status within the Company; (ii) a material reduction in base salary and target short term and long term incentive opportunities; (iii) any requirement to relocate more than 50 miles from the area in which the executive regularly performs his or her duties for the Company; or (iv) any material failure of the Company to comply with its obligations under the CIC Plan. "Change in control" generally means: (i) acquisition of 35% or more of the outstanding shares of common stock of the Company or the combined voting power of the Company's then outstanding securities; (ii) replacement of a majority of the members of the Board during any 12-month period without the approval of a majority of the Board members prior to such replacement; (iii) merger or consolidation of the Company with any other entity not affiliated with the Aditya Birla Group; (iii) the approval by the shareholders of a complete liquidation or dissolution of the company; or (iv) the sale or disposition of all or substantially all of the Company's assets.

**Severance Compensation Arrangements.** We have entered into offer letters with Mr. Fisher and Mr. Ahuja which provide that the executive will be entitled to certain payments and benefits if his employment is involuntarily terminated by the Company without "cause" or by the executive for "good reason," not in connection with a change in control of the Company. If Mr. Fisher or Mr. Ahuja is involuntarily terminated, then he will receive:

- Severance amounts payable in a lump sum equal to two times (for Mr. Fisher) or 1.5 times (for Mr. Ahuja) annual base salary and the executive's target AIP, each determined at the level in effect as of the date of their appointments to the Company, less any other retention or severance payments paid or payable by the Company outside of the offer letter;
- Cash lump sum amount to assist the executive with post-employment medical continuation coverage equal to the COBRA premium charged under the Company's group medical plan for 12 months, grossed up for taxes using an assumed tax rate of 40%;
- Continuation of coverage under the Company's group life insurance plan for a period of 12 months;

## TABLE OF CONTENTS

- A benefit equal to 12 months of additional credit for benefit accrual or contribution purposes, if applicable, under the Company's tax-qualified and non-qualified retirement plans, which equals the expected contributions that the Company would make to its qualified and non-qualified retirement plans in which the executive participates for 12 months following the change in control, as determined by the Company; and
- Accelerated vesting, if applicable, under the Company's retirement plans.

An executive is required to sign a general release of claims against the Company as a condition to receiving the payments and benefits described above. Each agreement also contains a non-competition and non-solicitation provision, which prohibits the executive from competing with us or soliciting our customers, suppliers or employees for a period of 24 months following termination of employment.

"Cause" and "good reason" generally have the same meanings as in the CIC Plan, except that a required relocation is not a "good reason" event under the offer letters.

Mr. Nardocci resides in Brazil and is entitled to benefits under the Fundo de Garantia de Tempo de Servico ("FGTS"), which is a government-sponsored severance indemnity fund. Under the FGTS, the Company is required to contribute an amount equal to 8% of Mr. Nardocci's monthly gross salary into an account for his benefit. The funds contributed to FGTS will become available to Mr. Nardocci when he is terminated from employment without cause, retires or becomes disabled.

We have also entered into an offer letter with Emilio Braghi that provides that the Company will pay their moving expenses in accordance with the Company's domestic and foreign policy for Mr. Braghi, his family and their household goods and furniture if employment is terminated by either Mr. Braghi for good reason or at the Company's option.

See the Potential Payments Upon Termination or Change in Control table below for further information.

### Compensation Risk Assessment

The Compensation Committee reviewed the Company's executive compensation policies and practices relating to the current fiscal year, and determined that the Company's executive compensation programs are not reasonably likely to have a material adverse effect on the Company. Our compensation programs contain design features that mitigate the incentive for our employees, including named executive officers, to take unreasonable risks in managing the business, which include:

- An appropriate balance between short-term and long-term incentive compensation with multiple time horizons;
- Short-term incentives that require minimum financial performance to achieve any payouts and also have a maximum payout limitation;
- Short-term incentive payouts that are tied to multiple performance factors with no one performance factor having excessive weighting;
- Long-term incentives with multi-year vesting schedules, which reward employees for long-term performance;
- Goals that are not unreasonable and that are approved by the Compensation Committee on an annual basis and goals with no excessive payout opportunities at certain performance levels that may encourage short-term decisions and actions to meet payout thresholds;
- Oversight of the compensation programs by the Compensation Committee and multiple functions within the Company and at various levels within the functions to gain different viewpoints and prevent a small number of people to be exclusively involved in compensation decisions; and
- Advice from expert outside advisors regarding the design of the compensation program.

Based on its review, the Compensation Committee determined that the Company's compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation.

### Option Exercises and Stock Vested in Fiscal 2024

The table below sets forth the information regarding Hindalco SARs that were exercised and Hindalco RSUs that were settled during the fiscal year. The amounts reported in the table were converted from Indian Rupees to U.S. dollars using the exchange rate on the last day of the month before the award was settled.

Name	Hindalco SARs		Hindalco RSUs	
	Number of Shares Acquired on Exercise, but Settled in Cash (#)	Value Realized on Exercise (\$) <sup>(1)</sup>	Number of Shares Acquired on Vesting, but Settled in Cash (#)	Value Realized on Vesting (\$) <sup>(2)</sup>
Steven Fisher	803,886	1,459,995	525,992	2,665,550
Devinder Ahuja	153,121	273,165	118,718	604,330
Tadeu Nardocci	122,932	237,367	72,313	364,253

HR Shashikant	77,084	139,998	73,445	370,412

(1) The dollar amount realized on exercise is determined by multiplying the number of shares of stock underlying the Hindalco SARs being exercised by the fair market value of Hindalco stock underlying the Hindalco SARs on the exercise date, less the exercise price. The fair market value of the Hindalco stock is based on the closing price of a Hindalco share, as published by NSE on the exercise date. If a Hindalco SAR is exercised when NSE is closed, then the closing price on the preceding date NSE was open is used.

(2) The dollar amount realized on vesting is determined by multiplying the number of shares of stock underlying the Hindalco RSUs that vested during fiscal 2024 by the fair market value of Hindalco stock underlying the Hindalco RSUs on the vesting date. The fair market value of the Hindalco stock is based on the average of the high and low prices of a Hindalco share, as published by NSE on the vesting date. If a Hindalco RSU becomes vested when NSE is closed, then the value of each Hindalco RSU will be the average of the next available day's high and low prices.

### Non-Qualified Deferred Compensation

This table summarizes contributions and earnings under the Novelis Corporation Defined Contribution Supplemental Executive Retirement Plan for fiscal 2024. The plan is an unfunded, non-qualified defined contribution plan for U.S. tax purposes. The plan provides eligible executives with the opportunity to voluntarily defer, on a pre-tax basis, 75% of their base salary and annual incentive pay (including the AIP payout (not to exceed 100% of target) and up to 75% of the payout from settled PUs) that otherwise may not be deferred under the Company's tax-qualified savings plan due to limitations under the U.S. Internal Revenue Code. The plan also provides eligible U.S. executives with Company non-elective and matching contribution credits which they are restricted from receiving under the tax-qualified savings plan due to those same limitations. For fiscal 2024, the Company contributed to the Novelis Corporation Defined Contribution Supplemental Executive Retirement Plan an amount equal to 9.5% of participants' compensation that exceeded the U.S. Internal Revenue Code pensionable compensation limit (\$330,000 for the 2023 calendar year). Participants elect to notionally invest their account balances among a variety of investment options in an array of asset classes, and earnings are based on the equivalent returns from the elected investment options. Because the plan does not provide above market, fixed rates of return, earnings or losses under the plan are not included in the "Summary Compensation Table" above. Accounts are payable on a date specified by the participant or upon the participant's separation from service. Participants elect the form of distribution of their accounts at enrollment, which distributions may be paid in a lump sum or annual installments from two to ten years. Company contributions vest after three years of service but become 100% vested upon a participant's death or disability, a change in control or a permanent workforce reduction. Participants' accounts attributable to Company contributions are paid in five annual installments or a lump sum, depending on the value of the account.

Name	Elective Contributions in Last Fiscal Year (\$)	Employer Contributions in Last Fiscal Year (\$) <sup>(1)</sup>	Aggregate Earnings in Last Fiscal Year (\$) <sup>(2)</sup>	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$) <sup>(3)</sup>
Steven Fisher	—	175,360	395,472	—	2,987,738
Devinder Ahuja	58,235	71,116	290,623	—	2,671,034
HR Shashikant	—	48,939	274,675	—	2,151,349

(1) The amounts reported in this column are also included in the "All Other Compensation" column in the Summary Compensation Table above.

(2) None of the amounts reported in this column are reported in the Summary Compensation Table because the Company does not pay above-market or preferential earnings on deferred compensation.

(3) The amounts reported in this column include amounts reported in the Summary Compensation Table and amounts previously reported in the Summary Compensation Table for previous years when earned if the named executive officer's compensation was required to be disclosed in a previous year. Amounts previously reported in such years may include previously earned, but deferred, salary, AIP payouts and Novelis PUs.

### Potential Payments Upon Termination or Change in Control

This section provides an estimate of the payments and benefits that would be paid to certain of our named executive officers as of March 31, 2024, upon: (i) retirement, (ii) involuntary termination of employment by the Company without cause or by the executive for good reason, (iii) involuntary termination of employment by the Company without cause or by the executive for good reason in connection with a change in control, (iv) upon the executive's death or disability, or (v) voluntary termination or termination with cause. This section, however, does not reflect any payments or benefits that would be paid or provided to our salaried employees generally including accrued salary and vacation pay, regular retirement plan benefits, or normal retirement, death or disability benefits that are payable under plans that do not discriminate in favor of the named executive officers in scope, terms or operation. See Employment-Related Agreements above for a discussion of change in control and severance compensation arrangements for our named executive officers.

- (1) These amounts reflect the executives' actual AIP payment for fiscal 2024, or the annual incentive target in the case of CIC.
- (2) These amounts reflect the estimated value of the vested Hindalco SARs, Hindalco RSUs and Novelis PUs granted pursuant to our LTIP as follows: (i) with respect to the Hindalco SARs and Hindalco RSUs, estimated using the price per share of Hindalco stock on March 31, 2024 and (ii) with respect to the Novelis PUs, estimated using the applicable target award.
- (3) These amounts are estimates of payments that would be paid pursuant to our CIC Plan, the executive's offer letter or local law and practice, as applicable.
- (4) The retirement benefit represents 12 months (or 24 months in the case of a change in control severance) of additional benefit accrual or contribution credit, as applicable, under our tax-qualified and non-qualified retirement plans. This benefit equals the expected contributions that the Company would make to its qualified and non-qualified retirement plans in which the executive participates for 12 months (or 24 months in the case of a change in control severance), as determined by the Company.
- (5) This amount is intended to assist the executive in paying post-employment health coverage for 12 months (or 24 months in the case of a change in control severance).
- (6) This amount represents the estimated value of 12 months (or 24 months in the case of a change in control severance) of additional coverage under our group and executive life insurance plans.
- (7) These amounts represent \$755,368 in legal severance that Mr. Nardocci would be entitled to under the FGTS for a termination without cause, retirement, or upon disability. Such amounts would be made in Brazilian real. The U.S. dollar amount included above was adjusted based on the March 31, 2024 exchange rate of the Brazilian real.
- (8) This amount represents \$28,500, which is the estimated cost of moving expenses that may be payable to Mr. Braghi, at the discretion of his manager, in connection with his relocation from Switzerland to Italy following termination of employment.
- (9) These amounts are estimates of payments that would be paid to executives if they meet the criteria for Retirement based on the respective Plan Documents for AIP and LTIP. Only Mr. Ahuja, Mr. Nardocci, Mr. Braghi, and Mr. Shashikant are eligible for Retirement on March 31, 2024.

## TABLE OF CONTENTS

An executive is required to sign a general release of claims against the Company as a condition to receiving the payments and benefits described above. Each agreement also contains a non-competition and non-solicitation provision, which prohibits the executive from competing with us or soliciting our customers, suppliers or employees for a period of 24 months following termination of employment.

### Director Compensation for Fiscal 2024

The Chairman of our Board is entitled to receive cash compensation equal to \$250,000 per year, and the Chair of our Audit Committee is entitled to receive \$175,000 per year. Each of our other non-employee directors is entitled to receive compensation equal to \$150,000 per year, plus an additional \$5,000 if they are a member of our Audit Committee. Directors' fees are ordinarily paid in quarterly installments. Since July 2008, our Chairman, Mr. Birla, has declined to receive the director compensation to which he is entitled.

The table below sets forth the total compensation earned by our directors for fiscal 2024. In addition, all directors receive reimbursement for out of pocket expenses associated with attending Board and committee meetings.

Name	Fees Earned or Paid in Cash (\$)
Kumar Mangalam Birla	—
Clarence J. Chandran <sup>(1)</sup>	129,167
Gary Comerford	155,000
Thomas M. Connelly	150,000
Satish Pai	150,000
Vikas Sehgal	150,000
Donald A. Stewart	175,000
Praveen Maheshwari <sup>(2)</sup>	137,500
Steven Fisher	—

(1) Mr. Chandran retired from the Board in January 2024, therefore, his fees earned reflects prorated compensation for the fourth quarter of fiscal 2024.

(2) Mr. Maheshwari was appointed to the Board on May 9, 2023, and his fees earned therefore reflects prorated compensation for the first quarter of fiscal 2024.

### Compensation Committee Interlocks and Insider Participation

In fiscal 2024, until his departure in January 2024, Clarence J. Chandran was the Chairman of the Compensation Committee. The other Compensation Committee member during all or part of the year was Mr. Satish Pai. During fiscal 2024, none of our executive officers served as:

## Novelis Fiscal 2024 Annual Incentive Plan

1. **Title and Administration.** This annual incentive plan (the “2024 AIP”, “AIP”, or the “Plan”) will be administered by the Human Resources department of Novelis Inc. (together with its subsidiaries, the “Company”).
2. **Performance Period and Payments.** The performance period will commence on April 1, 2023, and end on March 31, 2024. Payments under the Plan will be made in a lump sum, minus required withholdings, during the first fiscal quarter following the end of the performance year, (but in no event later than the short-term deferral exemption date under Section 409A of the Internal Revenue Code).
3. **Eligibility.** Employees in job bands 7 and higher, as well as all banded employees working for the Corporate and Regional Headquarter offices, are eligible to participate in the Plan. An individual must be either employed in an eligible job band or transferred or hired into an eligible job band during the performance year to receive a payout under the Plan. Eligibility and payments for employees who begin employment with Novelis or transfer into an eligible position after the start of the performance period will be determined by the “Plan Rules Administration” document then in effect as maintained by the Company’s Human Resources department.
4. **Target Opportunity.** Each participant’s target opportunity will be determined by the Company’s Human Resources department or the Compensation Committee of the Company’s Board of Directors (the “Compensation Committee”), as applicable.
5. **Plan Design.**
  - (a) **Performance Measures.** The following measures will determine payouts under the Plan. Final performance score will be rounded to the nearest whole percentage.

Measure	Weighting	Performance Threshold	Payout at Threshold	Performance Target & Payout at Target	Performance Maximum	Payout at Maximum
Adjusted Operating EBITDA	45%	85%	60%	100%	110%	200%
Adjusted Operating Cash Flow	45%	60%	50%	100%	140%	200%
Global Safety	10%		50%	100%		200%
Individual Performance Modifier per Novelis Performance Management System*		1-Inadequate Performance (IP)	2-Partially Delivered Performance (PDP)	3-Delivered Full Performance (DFP)	4-Outperformed (OP)	5-Significantly Outperformed (SP)
JB5+		0%	0-75%	95-105%	105-115%	115-125%
JB6-11B		0%	75%	100%	115%	130%

\*Total annual payout will be capped at 170%, 190%, and 200% for employees rated 3-DFP, 4-OP, and 5-SP, respectively, and at 0% and 75% of target for employees rated 1-IP and 2-PDP, respectively.

- (b) **Performance Threshold.** No payout will be made under the Plan unless Operating EBITDA for the performance year is at least 75% of the target level Operating EBITDA established by the Company (when determining 75% threshold of EBITDA, it will be rounded to the nearest single decimal point). Performance results between threshold level and maximum level are determined by means of interpolation.
- (c) **Individual Performance Modifier.** Individual performance serves as a modifier on each participant's payout. The payout, as calculated by actual Company performance on the measures in the Plan, the participant's salary and incentive target, will be multiplied by a factor linked to the participant's individual performance rating to determine total payout.
- (d) **Additional Calculation for Certain Participants.** For certain participants identified by the Compensation Committee in its discretion, an Inventory Days modifier will be applied to the Adjusted Operating Cash Flow measure. The payout on this measure may increase or decrease by up to 30% based on performance against Inventory Days targets.
6. **Separation from Employment, Transfer and Other Changes.** Participants who terminate employment or transfer to an ineligible position during the performance year will be subject to the applicable terms set forth below. Any payments to former employees will be made at or near the same date payment is made to active employees under the Plan (but in no event later than the short-term deferral exemption date under Section 409A of the Internal Revenue Code) and will be based on the final approved Company performance score. Payments to participants who

experience changes in salary, job band, or leave of absence during the performance year will be determined in accordance with the Plan Rules Administration document.

<b>Termination Event</b>	<b>Treatment</b>
Death, Disability or Retirement	Payout will be prorated based on the number of days of employment during the performance period.
Change in Control	Payout will be prorated based on the number of days of employment during the performance period.
Intercompany Transfers	Payout will be prorated based on the number of days of employment during the performance period.
Involuntary Termination – Without Cause (e.g., plant closure, sale of assets, position elimination)	Payout will be prorated based on the number of days of employment during the performance period.
Voluntary Termination	The participant will forfeit the entire payout, and no payout will be made.
Involuntary Termination – For Cause	The participant will forfeit the entire payout, and no payout will be made.

7. **Definitions.** The following terms will have the meaning ascribed to them below; provided, however that the Compensation Committee may approve the modification or interpretation of any definition in its sole discretion.

- (a) **Adjusted Operating EBITDA** generally means “Adjusted EBITDA” as used in the Company’s Annual Report on the Form 10-K for the fiscal year ended March 31, 2023, *reduced by* (1) the impact from re-measuring to current exchange rates any monetary assets and liabilities that are denominated in a currency other than the functional currency of the reporting unit, net of realized and unrealized derivative instruments; and *adjusted by* (2) the impact on cost of working capital management activities to the extent caused by any excess or shortfall of Adjusted Free Cash Flow described in paragraph 7(b) below, and (3) other adjustments as determined by the Compensation Committee.
- (b) **Adjusted Operating Cash Flow (OCF)** generally means “Adjusted Free Cash Flow” as used in our Annual Report on the Form 10-K for the fiscal year ended March 31, 2023, before capital expenditures, working capital financing and other adjustments as determined by the Compensation Committee.
- (c) **Global Safety** is based on the metric of Days Away from Work (DAFW), which is based on a standard OSHA calculation that attempts to roughly convert DAFW to a rough

percentage (utilizing 200,000 hours in the numerator to approximate 100 person-years) so that a 1.0 DAFW would indicate 1 DAFW case per 100 man-years.

In the case of a fatality at a Company location during fiscal 2024, select participants will receive no payout for the Global Safety measure.

- (d) **Inventory Days** means Quarter-end inventory balance (in kt) divided by trailing quarter shipments (in kt) multiplied by 90. Inventory days will be assessed each quarter-end and measured based on the variance between the quarterly average of plan versus actuals.
- (e) **Retirement** means a separation from the Company at 65 years of age or a combination of age and service greater than or equal to 65 with a minimum age of 55.
- (f) **Change in Control** means the first to occur of any of the following events: (i) any person or entity (excluding any person or entity affiliated with the Aditya Birla Group) is or becomes the beneficial owner, directly or indirectly, through any parent entity of the Company or otherwise, of securities of the Company representing 35% or more of either the then outstanding shares of common stock of the Company or the combined voting power of the Company's then outstanding securities (the "Value or Vote of the Company"); provided, however, that a Change in Control will not be deemed to have occurred in the event that (A) any person or entity becomes the beneficial owner of securities representing 50% or less of the Value or Vote of the Company through (i) an initial public offering, (ii) a secondary offering, (iii) a private placement of securities, (iv) a share exchange transaction, or (v) any similar share purchase transaction in which the Company or any of its affiliates issues securities (any such transaction, a "Share Issuance Transaction"); and (B) a person or entity's beneficial ownership interest in the Value or Vote of the Company is diluted solely as a result of any Share Issuance Transaction; or (i) the majority of the members of the board of directors of the Company is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board prior to the date of the appointment or election; or (ii) the consummation of a merger or consolidation of the Company with any other entity not affiliated with the Aditya Birla Group, other than (a) a merger or consolidation that would result in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent thereof), in combination with the ownership of any trustee or other fiduciary holding securities under an employee benefit plan of the Company, 50% or more of the combined voting power of the voting securities of the Company or such surviving entity or any parent thereof outstanding immediately after such merger or consolidation, or (b) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person or entity is or becomes the beneficial owner, directly or

indirectly, of securities of the Company (not including in the securities beneficially owned by such person or entity any securities acquired directly from the Company or its affiliates, other than in connection with the acquisition by the Company or its affiliates of a business) representing 50% or more of either the then outstanding shares of common stock of the Company or the combined voting power of the Company's then outstanding securities; or (iii) the sale or disposition of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of its assets to a member of the Aditya Birla Group.

Notwithstanding the foregoing, no "Change in Control" will be deemed to have occurred if there is consummated any transaction or series of integrated transactions immediately following which the record holders of the common stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity that owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions. For purposes of this Section, "beneficial ownership" will be determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended.

8. **Interpretation.** The Company will interpret and construe the terms and conditions of the plan in its sole discretion, including but not limited to all decisions regarding eligibility for, and the amount of benefits payable under, the Plan. The Company also reserves the right to amend or modify this Plan at any time.
9. **No Right to Continued Service.** Nothing in the Plan confers upon any participant the right to continued employment or service with the Company or otherwise interfere with or restrict the right of The Company or any affiliate to terminate the participant's employment or service for any reason.

3. **Target Opportunity.** Each Participant’s target opportunity will be determined by the Compensation Committee of the Company’s Board of Directors (the “Board”) or its designee. Indian Rupee exchange rates will be fixed on the Award Date.
4. **Plan Design.** A Participant’s target opportunity under the Plan will be comprised of Novelis Performance Units (each, a “Novelis PU”), Hindalco Restricted Stock Units (each, a “Hindalco RSU”) and Hindalco Stock Appreciation Rights (each, a “Hindalco SAR”).
  - (a) **Novelis Performance Units.** Novelis PUs will comprise 50% of each Participant’s award under the Plan.
    - (i) *Value.* Each Novelis PU will have a fixed value of US\$100.
    - (ii) *Performance Period.* The “Performance Period” for Novelis PUs will commence on April 1, 2023 and end on March 31, 2026.
    - (iii) *Vesting.* The Novelis PUs vest on the third anniversary of the Award Date (the “3-Year Vesting Date”). Except as provided in Section 6, all vesting of a Participant’s Novelis PUs will end upon termination of the Participant’s employment. The Novelis PUs are at-risk, and the number of Novelis PUs that vest, if any, will be determined by the Company’s achievement of ROCE targets established for the Performance Period. Vesting will range from 50% (threshold) to 200% (maximum) of target award value. Performance results between threshold level and target level or between target level and maximum level will be determined by means of interpolation. If threshold performance is not achieved, no Novelis PUs will vest.
    - (iv) *Definitions.* The following terms will have the meaning ascribed to them below; provided, however, that the Board may approve the modification or interpretation of any definition in its sole discretion.
      - *Capital Employed* (or “CE”) means (i) book debt *plus* (ii) book equity *plus* (iii) goodwill impairment (fixed at \$1.5 billion) *less* (iv) cash in excess of \$400

million, *plus* (v) any new impairment impacting equity, provided that the total CE amount will be adjusted for dividend and/or capital payments, if any. Average CE for a fiscal year will be based on the beginning and ending balances for the fiscal year. For purposes of the Plan, “book debt” and “book entity” will have the same meaning and be the same amount as determined under the Consolidated Novelis U.S. GAAP financial statements.

- *Net Income (or Net Income/Loss)* means net income (loss) attributable to our common Shareholder in the same amount as used in the Consolidated Novelis U.S. GAAP financial statements.
- *Net Operating Profit After Tax (or “NOPAT”)* means (i) Net Income/Loss *plus* (ii) Interest Expense and Amortization of Debt Issuance Costs *less* (iii) Loss (Gain) on Extinguishment of Debt in the same amount as used in the Consolidated Novelis U.S. GAAP financial statements.
- *Return on Capital Employed (or “ROCE”)* means NOPAT divided by fiscal year average CE. ROCE will be calculated for each fiscal year of the Performance Period. The sum for all fiscal years in the Performance Period will be divided by the number of fiscal years in the Performance Period to obtain a simple average.

(v) *Target Modifications.* In the event the Company completes a significant strategic transaction during the Performance Period, the Board may, in its sole discretion, modify the ROCE targets established for the Performance Period.

(vi) *Payments.* Payments will be made in cash within two fiscal quarters following the later of the 3-Year Vesting Date or Board approval of performance against target (but in no event later than the short-deferral exemption date under Section 409A of the Internal Revenue Code).

(a) Hindalco Restricted Stock Units. Hindalco RSUs will comprise 30% of each Participant’s award under the Plan.

(i) *Value.* For purposes of determining the number of Hindalco RSUs granted to a Participant, the value of each Hindalco RSU will be equivalent to the value of one Hindalco share on the Award Date. The value of each Hindalco RSU on the Award Date will be equal to the average of the high and low prices of a Hindalco share as published by the National Stock Exchange on the Award Date. The payout value of each Hindalco RSU will be the average of the high and low prices of a Hindalco share as published by the National Stock Exchange on the Vesting Date (as defined below). If the Award and/or Vesting Date falls on a date the National Stock Exchange is closed, then the value of each Hindalco RSU will be the average of the next available day's high and low prices. Cash payouts of each Hindalco RSU

awarded will be capped at a maximum of 3.0 times the value of each Hindalco RSU on the Award Date.

- (ii) *Vesting.* The Hindalco RSUs will vest ratably in one-third tranches on the first anniversary, second anniversary and third anniversary of the Award Date (each, an “Anniversary Vesting Date”). Except as provided in Section 6, all vesting of a Participant’s awards will end upon termination of the Participant’s employment.
  - (iii) *Payments.* Payments will be made in cash within ninety (90) days following the applicable Anniversary Vesting Date.
- (c) Hindalco Stock Appreciation Rights. Hindalco SARs will comprise 20% of each Participant’s award under the Plan.
- (i) *Value.* The Black Scholes method will be used to value a Hindalco SAR for purposes of determining: (i) as of the Award Date, the number of Hindalco SARs to be awarded to a Participant; and (ii) the maximum cash payout for each Hindalco SAR, which is 3.0 times the value of a Hindalco SAR determined as of the Award Date (the “Capped Value”).
  - (ii) *Vesting and Expiration.* Hindalco SARs will vest ratably in one-third tranches on each Anniversary Date, provided (A) the Company achieves at least 75% of the Total Adjusted EBITDA (in the same amount as used in the Consolidated Novelis U.S. GAAP financial statements) before Metal Price Lag target established for the performance year associated with each tranche, and (B) except to the extent provided under Section 6, the Participant remains employed through each Anniversary Date. Hindalco SARs will expire on the seventh anniversary of the Award Date (the “Expiration Date”).
  - (iii) *Exercise.* A Participant may exercise a vested Hindalco SAR at any time, prior to the Expiration Date, when the Hindalco share price is greater than it was on the Award Date (as determined under clause (iv)), except as prohibited by the Company during a blackout period.
  - (iv) *Valuation of SAR Appreciation Amount.* Each Hindalco SAR will track the appreciation in value of one Hindalco share over its value on the Award Date. For purposes of determining the actual payout amount upon exercise of a Hindalco SAR: (i) the value of a Hindalco share on the Award Date will be determined by using the average of the high and low prices of a Hindalco share, as published by the National Stock Exchange on the applicable date; and (ii) the value of a Hindalco share on the exercise date will be determined by using the closing price on the exercise date, as published by the National Stock Exchange on the

applicable date. Notwithstanding the foregoing, if a Hindalco SAR is exercised on a date the National Stock Exchange is closed, the payout amount will be determined based on the closing price of a Hindalco share on the preceding date the National Stock Exchange was open.

- (v) *Payments.* As soon as practicable after the exercise of a Participant’s Hindalco SARs, the Participant will receive a cash payment equal to the product of (i) the number of Hindalco SARs exercised, times (ii) the increase in value of one Hindalco share from the Award Date through the exercise date, provided that the payment will in no event exceed the Capped Value.

5. **Eligibility.** Employees in job bands 4 and higher are eligible to participate in the Plan. An individual selected for participation is referred to as a “Participant” throughout the Plan. Except to the extent provided under Section 6, an individual must be either employed in an eligible job band or transferred or hired into an eligible job band during the performance year to receive a payout under the Plan. Eligibility and payments for employees who begin employment with the Company after the start of the Performance Period will be determined by the “Plan Administration Rules” document then in effect as maintained by the Company’s Human Resources department.

- (a) Employment after Plan Commencement Date: An eligible employee who begins employment after the Plan Commencement Date will be granted an award that is based on an individual target within the range for the employee’s job band, prorated by 90% for first and second quarter hires (hired by September 30, with an award date of October 1) and by 75% for third quarter hires (hired between October 1 and December 31, with an award date of January 1). Fourth quarter hires will be eligible for an award during the next fiscal year.
- (b) Promotion after Plan Commencement Date: An eligible employee who is promoted into an eligible job band after the Plan Commencement Date will be granted an award that is based on an individual target within the range for the employee’s job band, 100% of the award will be granted if promoted during the first quarter or on July 1, prorated by 90% for second quarter promotions (promoted between July 2 and September 30, with an award date of October 1) and by 75% for third quarter promotions (promoted between October 1 and December 31, with an award date of January 1), and also adjusted for any awards already granted during the current fiscal year, as applicable. Fourth quarter promotions will be eligible for an award during the next fiscal year.
